Venerdì 13.30-15.00 Aula 10	<i>Dialogic Book-Sharing: A Scalable Parent-Mediated Intervention to Support Child Development and Family Well-Being</i>	Proponente: Leonardo De Pascalis <i>Università degli Studi di Bologna</i> Discussant: Elisa Delvecchio <i>Università degli Studi di Perugia</i>	Cena L., Trainini A., Belluardo M., Buizza C., Cooper H., Murray L.	Dialogic Book-Sharing parent-child interventions: wellbeing effects on parental mental health and child's neurodevelopment. A Multicentre randomised controlled trial in Italy, preliminary data
			Cooper H., Perrone L., Arteche A., Lachman J.M., Gardner F., Hallal P., Domingues M., Murray J.	The Role of Book-Sharing Quality in Language Development: Evidence from a Brazilian Birth Cohort
			De Pascalis L., Dowdall N., Murray L., Tomlinson M.	Promoting Developmental Equity through Dialogic Book-Sharing in Disadvantaged Contexts
			Piombo M.A., La Grutta S., Epifanio M.S., Andrei F., Trombini E., De Pascalis L.	Enhancing Developmental Outcomes through Dialogic Book-Sharing in Italian Nurseries: A Randomized Controlled Trial Protocol
Venerdì 13.30-15.00 Aula 11	<i>Trauma and Its Disorders: Clinical-Dynamic Perspectives on Dissociation, Body, and Affective Regulation</i>	Proponente: Giuseppe Craparo <i>Università degli Studi di Enna "Kore"</i> Discussant: Laura Vismara <i>Università degli Studi di Cagliari</i>	Iacolino C., Cervellione B.	Trauma, Orality, and Symbolic Function: A Clinical-Dynamic Reading of a Case of Anorexia Following Traumatic Bereavement
			Craparo G., David V., Costanzo G.	Addiction as affect regulation: the role of dissociation, alexithymia, and personality organization
			Mento C.	The Evolution of Dream Content in Analytically Oriented Treatment of Chronic Bulimia
			Muzi S., Camillo S., Pace C.S.	Assessing ACEs and Attachment-Related Trauma in Residential Psychiatric Care: A Pilot Study of Psychosis-Spectrum Patients.
Venerdì 13.30-15.00 Aula 12	<i>Between stigma and recognition: body, relationships and institutions in LGBTQIA+ subjectivities</i>	Proponente: Luca Rollè <i>Università degli Studi di Torino</i> Discussant: Vincenzo Bochicchio <i>Università degli Studi della Calabria</i>	Urone C., Naccari C., Miano P.	A prisma systematic review of biopsychosocial dimensions in intersex experiences: relational, sexual, body image, and quality of life outcomes
			Santona A., Fusco C.	The desire for parenthood among same-sex couples
			Cataudella S., Lampis J., Serri F., Angioni M., De Simone S.,	When Cure Replaces Care: Trans Experiences in the Italian Public Healthcare System

			Pileri J., Carta S., Lasio D.	
			Trombetta T., Freitas R., Rollè I., Bernal M., Miguel F.	Making sense under stigma: the moderating role of mentalization in the association between sexual stigma and controlling behaviors in LGB intimate relationships
Cofee Break				
SESSIONI TEMATICHE IN PARALLELO				
Venerdì 15.30-17.00 Aula 1	University Students' Mental Health and Higher Education	Chair: Silvia Salcuni Università degli Studi di Padova	Caldarelli G., Vargas Moniz M.J., Sacchetto B., Mele A., Troncone A.	Mental Health of University Students in Mediterranean Countries: A Cross-Cultural Study
			Crescentini C., Brunelli L., D'Antoni F., Brusaferrero S., Zenarolla A.	A pilot study on “Bene in Mente”: an online integrative program based on ACT, Positive Psychology, Mindfulness, and Compassion for university students’ mental health and well-being
			Ruini C., De Angelis G., De Marco E., Castaldo S., Cesarano V.P., De Marco E.L., Li Pira G., Vescovelli F.	The combination of emotion regulation and well-being indicators for identifying profiles of University students’ mental health.
			Federica Vallone F., Gaudino S., Marolda M.	Associations of Big Five Personality Clusters, Psychological Health Conditions, and Dropout Intention among University Students: The Role of Gender and Age
			Mammarella S.	The “Weight of Shame”: academic lying and depressive symptoms in off track medical and health profession university students
			Ballarotto G., Marselli G.	Supporting Student Well-Being in Higher Education: The Role of Psychological Needs and Academic Stress
			Viscuso E., Cibella S., D’Urso G., Pace U.	How Does Mentalization Protect Against Hopelessness? The Mediating Role of Emotion Regulation in Teachers
			Giugovaz A., Han A., Penolazzi B.	Student Engagement and Disengagement in Higher Education: A Qualitative Study
			Smeriglio R., Di Nuovo S.	What kind of addiction is Internet abuse? Similarities and differences between

Venerdì 15.30-17.00 Aula 2	<i>Problematic Online Behaviors</i>	Chair: Silvia Casale <i>Università degli Studi di Firenze</i>		substance and behavioral addictions
			Topino E., Mangialavori S., Alvarez M.E., Cacioppo M.	Phubbing and Family Functioning: Preliminary Findings from an Italian Adult Sample
			D'Ettorre M., Di Crosta A., Palumbo R., Marchetti D.	Attentional Bias and Emotional Dysregulation Across Gambling Severity
			Amendola S., Cerutti R., Wakefield J.C., Teo A.R.	Gaming Disorder and Hikikomori: overlapping or distinct conditions? A review of the literature
			Novara C., Marino I., Di Napoli G.	Vulnerable Narcissism, Sense of Community, and Social Media Use in Adolescence: A Latent Profile Analysis
			Ciccarelli M., Pizzini B., Nigro G., Cosenza M.	Exploring gender-specific pathways to problematic gaming: Emotional and personality correlates
			Giardina A., Infanti A., Fournier L., Starcevic V., King D., Billieux J.	Hikikomori or Gaming Disorder? Insights from the Compensatory-Dissociative Online Gaming (C-DOG) model in a sample of young adult gamers
Venerdì 15.30-17.00 Aula 3	<i>Artificial Intelligence, Virtual Reality and Digital Tools in Clinical Psychology</i>	Chair: Gian Mauro Manzoni <i>Università degli Studi di Pavia</i>	Castrucci L., Prioli L., Pergentili E.	Virtual reality in the rehabilitation of autism spectrum disorder: psychological and neurobiological mechanisms – from literature review to clinical case
			Rellini E., Brunato E., Barazzetti A.	Preserving Psychological Equilibrium in Isolation: A Pilot Study on the Buddy Space AI-Adaptive System
			Dahò M., Hartevelt C.	Affective Framing and Decision Variability in LLMs: Implications for Psychological Well-Being
			Longo C.F., Caponnetto P., Riela P.M., Sangiorgio A., Prezzavento G.C., Vitale N.M., Uccelli E., Caramazza M., Verduzzo I., Catania C., De Leo B.E., Schilirò G., Farrauto C., Indiana M.L., Chiarenza C., Santamaria D.F.	Psy-Mimic: A Privacy-Preserving Chatbot Framework Using Open-Source Large Language Models for Patient Simulation in Clinical Psychology Training
			Busch I.M., Giraudo C., Daffara C., Frison N., Rimondini M.	A Conversation with AI systems on the psychological and physical impact of climate change

			Facchino A.P., Pompedda F.	Challenges as Learning Opportunities: Exploring the Training Value of an Avatar-Based Serious Game for Rorschach Administration
			Di Girolamo I., Melandrone F.	Changes in Oncology Communication Skills Among Medical Students: The MediVerso Immersive Training
			Panzeri A., Marino C., Canale N., Vieno A., Ghisi M., Bottesi G.	From Emotional Vulnerability to Cyberchondria: A Longitudinal Model of Negative Affect, Intolerance of Uncertainty, and Negative Urgency
Venerdì 15.30-17.00 Aula 4	<i>Child, Adolescent and Neurodevelopmental Clinical Psychology</i>	Chair: Francesco Craig <i>Università degli Studi della Calabria</i>	Mancini M., Guiot C., Maorelli A., Riccardi M., Finotto G., Brondino N., Basadonne I.	Diagnosis and Identity in Neurodivergent Individuals: A Qualitative Study Across Pre- and Post-Diagnostic Phases
			Fasolato R., Miscioscia M., Gatta M.	Adolescents with non-suicidal self-injury in inpatient and outpatient care: the role of psychopathology and family dynamics
			Zoia S., Leo I., Cossu G., Henderson S., Montemurro S.	MABC-3 Checklist: Assessing Motor Skills for Identifying Challenges in Typical and Autistic Children
			Raffagnato A., Fasolato R., Gatta M.	Suicide attempt in pre-adolescent and adolescent with NSSI: the role of sociodemographic and clinical characteristics
			Frisina S., Camezzana E., Nuti C., Casarino V., Ansaldo E., Pescio E., Venturino C.	Pediatric Rheumatic Diseases in Early Adolescence: A Case-Control Pilot Study on Attachment Representations, Emotion Regulation and Psychosocial Functioning
			Lombardi L., Ferrucci A., Mancino M., Bramanti S.M.	Attachment relationships and adolescent psychological adjustment: The mediating role of impaired reflective functioning
			di Dio A., Triscari S., Prezzavento G.C., Giunta S., Lenzo V.	The impact of sport on the quality of life for individuals with motor disabilities: a systematic review of qualitative research
			Angius E., Gregorini C.	What do we know about special orphans and what can we do? Findings from a monitoring and support national project

Venerdì 15.30-17.00 Aula 5	<i>Forensic, Community and Cultural Psychology and intervention</i>	Chair: Maria Cristina Verrocchio <i>Università degli Studi di Chieti- Pescara</i>	Perilli E.	Ideological moderation of socio-spatial processes: conservatism in the relationship between place attachment and social support
			Vallone F., Stango A., Zurlo M.C.	Stress, Organizational Conflict, and Psychopathological Risk among Public Administration Employees: Gender-Specificities in Conflict Management Profiles

			Nicosia G., Tarantino V., Giordano C.	Psychologically Mediated Forest Therapy and the Anxiety-Depression Continuum: A Systematic Review of Efficacy in the Adult Population
			Fullone A., Langher V., Infantino E., Galasso S., Gubbiotti P., Ricci M.E., Tittoni F., Valeriani M.	Latent Discourses: A Comparative Analysis of Narratives from Inmates and Correctional Officers
Venerdì 16.00-16.30	Coffee Break			
Venerdì 17.00-18.30	TAVOLE ROTONDE			
Aula 1	<i>La formazione di Specialista in area psicologica: trasformazioni ministeriali-gestionali delle Scuole Universitarie di Area Psicologica</i> Proponente: Coordinamento Nazionale delle Scuole di Specializzazione Universitarie in Area Psicologica (SSUAP) Discussant: Maria Grazia Strepparava, <i>Milano Bicocca University</i> Intervengono Referenti nazionali dei network delle SSUAP Dina Di Giacomo, <i>Psicologia Clinica</i> Silvia Salcuni, <i>Psicologia del Ciclo di Vita</i> Luca Rollè, <i>Psicologia della Salute</i>			

	Cristina Ottaviani, Valutazione e Counselling Psicologico Cristina Scarpazza, Neuropsicologia
Aula 2	<i>Ethical, Clinical and Empirical implication in End of Life and Assisted Suicide processes</i> Proponent: Chiara Fioretti, <i>Università degli Studi di Salerno</i> Discussant: Vittorio Lenzo, <i>Università degli Studi di Catania</i> Intervengono Ines Testoni, Università degli Studi di Padua Raffaella Calati, Università degli Studi di Milan Bicocca Chiara Fioretti, Università degli Studi di Salerno
Aula 3	<i>University Psychological Counseling: theoretical basis and new perspectives</i> Proponent: Piero Porcelli, <i>Università degli Studi di Chieti-Pescara</i> Discussant: Omar Gelo, <i>Università degli Studi di Salento</i> Chair: Piero Porcelli, <i>Università degli Studi di Chieti-Pescara</i> Intervengono Paolo Valerio, Università degli Studi di Naples The role of psychological counseling in the Italian university Sergio Salvatore, Università degli Studi di Salento The role of clinical and dynamic psychology in university psychological counseling Angela Costabile, Università degli Studi della Calabria New perspectives in the Italian university psychological counseling
Aula 4	<i>Which Psychology for Primary Care? Models, Competencies, and Open Issues</i> Proponents: Laura Parolin, <i>Università degli studi Milano-Bicocca</i> Maria Francesca Freda, <i>Università degli Studi di Napoli Federico II</i> Discussant: Gioia Bottesi, <i>Università degli di Studi di Padova</i> Valentina di Mattei, Università Vita-Salute San Raffaele, Milano Claudia Mazzeschi, Università degli Studi di Perugia Michela di Trani, Sapienza Università degli Studi di Roma
19.00	Evento Musicale

Sabato 19 settembre				
SIMPOSI IN PARALLELO				
Sabato 9.00–10.30 Aula 1	<i>A Multidimensional Approach to EDs: Linking Emotional Dimensions, Body-Related Vulnerabilities, and Developmental Pathways</i>	Proponente: Nadia Barberis <i>Università Telematica eCampus</i> Discussant: Osmano Oasi <i>Università Cattolica del Sacro Cuore</i>	Tavoloni V.	The Contribution of Defense Mechanisms and AMPD-Based Personality Variables to Eating Disorder Symptomatology
			Costanzo G., Barberis N., Cannavò M., Manna G., Falgares G.	Exploring the Network Structure of Disordered Eating in Young Adults: Preliminary Evidence on the Role of Parental Bonding, Sociocultural Pressures, and Individual Vulnerabilities
			Stabile M., Scotto Rosato M., Cella S.	“Muddy Balls”: a Shame-focused Game Session in “Wave Island”, a Serious Game for Emotion Regulation in Preadolescence
			Di Perna M., Lanzara R., Zito L., Carapellotti A., Conti C.	Dialectical Behavior Therapy Guided Self-Help Intervention for Outpatients with Binge Eating
Sabato 9.00–10.30 Aula 2	<i>Psychological Interventions in Institutional Healthcare Settings</i>	Proponente: Carmela Mento <i>Università degli Studi di Messina</i> Discussant: Maria Cristina Verrocchio <i>Università degli Studi di Chieti-Pescara</i>	Lombardo C., Zuccalà F., Arena F., Salvo B., Esposito G., Bartolotta C.	Effectiveness of Neurofeedback in Patients with Psychogenic Non-Epileptic Seizures (PNES): Preliminary Results on Clinical and Psychological Outcomes
			Faggi D., Aprea G., Borghi L., Lamiani G., Khalili P., Fioretti C.	Vicarious Post-Traumatic Growth among healthcare professionals in oncology and palliative care: a quantitative study
			Spina A., Vagnini D., Udugampolage N., Callus E., Caruso R., Pini A.	Exploring the role of therapeutic photography, photovoice, and expressive writing in promoting psychological well-being among individuals with Marfan syndrome: a pilot investigation
			Maniaci G., La Cascia C.	Emotional Dysregulation and Problematic Gambling in Psychiatric Patients: The Mediating Role of Impulsivity
Sabato 9.00–10.30 Aula 3	<i>Dreaming at the AIP: Methodological Pluralism and Contemporary Frontiers in the Dreaming Research</i>	Proponente: Giorgia Margherita <i>Università degli Studi di Napoli Federico II</i> Discussant: Christian Franceschini	Marinaci T.	Dreaming as a symbolic process: a preliminary study on dream agency, threatening content, and affective experience
			Caffieri A., Chiabrando B.S.	Exploring dreaming functions: a qualitative focus group approach

		<i>Università degli Studi di Parma</i>	Chiabrando B., Giovanardi G., Serenellini A., Lingiardi V.	<i>Inside Therapists' Dreams: A Thematic Analysis of Countertransference Dreams in Clinical Practice.</i>
			Tessitore F.	<i>Palestine Dreaming: A Mixed-Methods Analysis of Dream Narratives in Italian Adults Indirectly Exposed to Mass Violence in Palestine</i>
Sabato 9.00–10.30 Aula 4	<i>Invisible wounds: early trauma and illness-related trauma in chronic conditions</i>	Proponente: <i>Cristina Zarbo</i> <i>Università degli Studi di Milano Bicocca</i> Discussant: <i>Valeria Donisi</i> <i>Università degli Studi di Verona</i>	Brugnera A., Damiani G., Corazza V.	Psychological Pathways linking Adverse Childhood Experiences to Quality of Life and Symptom Severity in Psoriasis: The Role of Attachment, Epistemic Mistrust, and Emotion Dysregulation
			Zarbo C., Locatelli A., Inzoli A., Abbamondi A., Fruscio R.	Early Relational Experiences and Prenatal Attachment in Endometriosis: The Role of Childhood Trauma and Parental Bonding
			Vismar L., Ahmad M., Guerriero S., Ajossa S., Secchi C.	Understanding Quality of Life in Women with Endometriosis: Attachment and Emotion Regulation in the Context of Chronic and Traumatic Experience
			Panzeri A., Compare A.	Trauma in the illness context: A network analysis of PTSD symptoms, protective resources, and transdiagnostic vulnerability
Sabato 9.00–10.30 Aula 5	<i>Clinical Psychology in medical conditions</i>	Proponente: Carola Valeria <i>Sapienza Università di Roma</i> Discussant: Arianna Palmieri <i>Università degli Studi di Padova</i>	Rapelli G., Pietrabissa G., Castelnuovo G.	Relational Pathways to Adherence: The Role of Dyadic Coping and Physician Trust in Cardiac Patients
			Merola M., Cosma S., Oliva F., Giovinazzo L., Cacciato G., Carletto S.	Distinct trauma dimensions and their associations with psychological distress in women with endometriosis: the role of interpersonal and non-interpersonal trauma
			Caruso A., Latella G., Di Giacomo D., Viscido A., Cavicchioli M., Galli F.	Biopsychosocial Profiles in Inflammatory Bowel Diseases: an Exploratory K-means Cluster Analysis
			Cellucci F., Morale C., Di Vincenzo G., Ferretti A., Parisi P., Carola V., Nicolais G.	Psychobiological Network Structure in Pediatric Migraine: Linking Somatic Symptoms, Attachment, and Inflammatory Indices
Sabato 9.00–10.30 Aula 6	<i>Integrating Neuroscience into Dynamic and Clinical Psychology: Insights from Empirical Research</i>	Proponenti: Virginia Tarantino e Giorgio Veneziani <i>Sapienza Università di Roma</i>	Altavilla D., Adornetti I., Delliponti A.D., Deriu V., Chiera A., Nicchiarelli S., Wacewicz S., Ferretti F.	Neurophysiological correlates of ostensive communication and clinical implications

		Discussant: Benedetto Farina <i>Università Europea di Roma</i>	Veneziani G., Mazzani S., Lai C.	Neural and autonomic synchronization in online vs. face-to-face therapeutic settings: a hyperscanning study
			Tarantino V., Wenk M.J., Reindl V., Otten K., Konrad K., Trentini C.	Processing of interpersonal emotional stimuli and cognitive performance in individuals with and without complex trauma experiences: an fNIRS study
			Capuani V., Cimmino Picone V.	Towards an Embodied Psychodynamics: Exploring the Biological Signatures of Identification
Sabato 9.00–10.30 Aula 7	<i>The Other as Knowledge: Epistemic Trust from Psychopathology Risk to the Therapeutic Relationship</i>	Proponente: Marianna Liotti <i>Sapienza Università di Roma</i> Discussant: Antonello Colli <i>Università degli Studi di Urbino “Carlo Bo</i>	Carone N.	When openness becomes a burden: Epistemic credulity links attachment coherence of mind to maternal burnout
			Benzi I.M.A., Parolin L., Locati F.	Epistemic Trust and the p-Factor in Adolescence: Differential Associations Across Community and Clinical Groups
			Liotti M., Lingardi V.	“Can I Trust You?": A New Measure of Epistemic Trust in the Therapeutic Relationship
			Charpentier Mora S., Papa C., Tironi M.	Feeling more, trusting differently. A preliminary study on epistemic trust, environmental sensitivity and mentalizing affectivity in emerging adulthood
Sabato 9.00–10.30 Aula 8	<i>LGBTQ+ Relationships and Families: Identity Negotiation, Couple Processes, and Parenting</i>	Proponenti: Gianluca Cruciani <i>Università di Roma Tor Vergata</i> Bianca Di Giannantonio <i>Sapienza Università di Roma</i> Discussant: Marina Miscioscia <i>Università degli Studi di Padova</i>	Santonniccolo F., Piccinno L., Barac A.M.	Perinatal Depression in Same-Gender Parents: A Systematic Review of the Literature
			Anzani A., Rucco D., Prunas A.	Doing Masculinity Without Men: Gender, Power, and Intimacy in Lesbian Relationships
			Di Giannantonio B., Noto F., Conti S.	Coming out as relational negotiation: Transgender and nonbinary parents' experiences with children and coparents in Italy
			Quintigliano M.	Parenting Under Pressure: Health Care Stigma, Intensive Parenting, and Positive Identity Among Cisgender and Transgender/Nonbinary LGBQ Parents in Italy

Sabato 9.00–10.30 Aula 9	<i>Being seen, feeling felt: emotional mirroring across development, neuroscience, and psychotherapy</i>	Proponente: Pietro De Carli <i>Università degli Studi di Milano Bicocca</i> Discussant: Anna Maria Speranza <i>Sapienza Università di Roma</i>	Capelli E., Provenzi L., Provera A.	Dynamic system approaches to the study of brain-to- brain attunement in the first year of life in typical and atypical conditions
			La Tona A., Curioni L., Cirasola A., Martin P., Eubanks C.F., Tasca G.A., Compare A.	Assessing Therapeutic Alliance and Rupture–Repair Processes: Italian Adaptations of the 3RS and WAI-O-S
