PERINATALE

XVIII CONGRESSO NAZIONALE DELLA SEZIONE DI PSICOLOGIA CLINICA-DINAMICA
Roma, 16-18 settembre 2016
Facoltà di Medicina e Psicologia, "Sapienza" Università di Roma
via dei Marsi, 78, Roma

Comitato Scientifico

Maria Francesca Freda (Università degli Studi di Napoli Federico II), Mario Fulcheri (Università di Chieti G. d'Annunzio), Enrico Molinari (Università Cattolica del Sacro Cuore di Milano), Fiorella Monti (Università di Bologna), Cristiano Violani (Sapienza Università di Roma), Giulio Cesare Zavattini (Sapienza Università di Roma).

Comitato Scientifico locale

Coordinatore: Renata Tambelli (Direttore Dipartimento di Psicologia Dinamica e Clinica, Sapienza Università di Roma).

Membri: Vincenzo Caretti (Professore Ordinario, Università LUMSA di Roma), Benedetto Farina (Professore Associato, Università Europea di Roma), Stefano Ferracuti (Professore Associato, Sapienza Università di Roma), Fiorenzo Laghi (Professore Associato, Sapienza Università di Roma), Viviana Langher (Professore Associato, Sapienza Università di Roma), Caterina Lombardo (Professore Associato, Sapienza Università di Roma), Luigi Solano (Professore Straordinario, Sapienza Università di Roma), Anna Maria Speranza (Professore Associato, Sapienza Università di Roma).

Comitati organizzativi locali

Comitato scientifico-organizzativo: Rita Cerutti (Professore Associato, Sapienza Università di Roma), Silvia Cimino (Ricercatore, Sapienza Università di Roma), Barbara Cordella (Ricercatore, Sapienza Università di Roma), Francesco Gazzillo (Ricercatore, Sapienza Università di Roma), Carlo Lai (Professore Associato, Sapienza Università di Roma), Manuela Tomai (Ricercatore, Sapienza Università di Roma), Cristina Trentini (Assegnista di Ricerca, Sapienza Università di Roma), Barbara Volpi (Dottore di Ricerca, Sapienza Università di Roma), Riccardo Williams (Ricercatore, Sapienza Università di Roma).

Segreteria organizzativa: Marina Diotallevi (Responsabile). Dottorandi Dipartimento Psicologia Dinamica e Clinica: Fabia Eleonora Banella, Giulia Ballarotto, Federica Genova, Antonio Gnazzo, Viviana Guerriero, Giulia Marino, Nicola Nardelli, Alessia Renzi, Anna Maria Trovato.

PROSPETTO SINTETICO DEL PROGRAMMA

Venerdì 18 settembre				
9.00-10.30	Registrazione dei partecipanti			
10.30-13.00	Ordine degli Psicologi e ENPAP			
11.30-13.00	Tavola rotonda del Collegio Settore M-PSI/07. Discussant: Sergio Salvatore			
11.30-13.00	Tavola rotonda del Collegio Settore M-PSI/08. Discussant: Mario Fulcheri			
13.00-13.45	Riunione congiunta dei Direttivi dei Collegi Settori M-PSI/07 e M-PSI/08			
13.45-15.00	Pausa pranzo			
15.00-16.00	Aula III. Apertura del Congresso e Saluti Autorità			
16.00-17.00	Aula Magna. Lectio Magistralis: David Oppenheim, PhD, Full Professor University of Haifa, Israel. Chairman: Prof. Giulio Cesare Zavattini			
17.00-17.30	Coffe-break			
17.30-19.00	SIMPOSI PARALLELI DEL POMERIGGIO			
	Aula Magna	Aula I	Aula II	Aula III
	POST-NATAL ANXIETY/DEPRESSION IN FIRST-TIME MOTHERS AND FATHERS OF FULL-TERM, PRETERM AND TWINS INFANTS: A LONGITUDINAL STUDY ON NEUROBIOLOGICAL PARENTAL RESPONSIVENESS, COUPLE EMOTIONAL WELL-BEING, PARENTING STRESS AND OUTCOMES FOR INFANT TEMPERAMENT Proponente: Loredana Lucarelli Università degli Studi di Cagliari Discussant: Donatella Cavanna Università di Genova	THE PROCESS OF CHANGE IN PSYCHOTHERAPY: INNOVATIVE STRATEGIES FOR ANALYZING THE THERAPEUTIC RELATIONSHIP Proponente: Gianluca Lo Coco Università degli Studi di Palermo Discussant: Nino Dazzi Sapienza Università di Roma	PSYCHOLOGICAL INTERVENTIONS FOR PEOPLE WITH CHRONIC DISEASES: NEW PERSPECTIVES Proponente: Enrico Molinari Università Cattolica del Sacro Cuore di Milano Discussant: Gianluca Castelnuovo Università Cattolica del Sacro Cuore di Milano	ATTITUDES TOWARD HOMOSEXUALITY: TOWARD A COMPREHENSIVE UNDERSTANDING Proponente: Vittorio Lingiardi Sapienza Università di Roma Discussant: Anna Maria Speranza Sapienza Università di Roma
	Aula VI			
	MENTALIZATION AS CLINICAL CONSTRUCT AND A DEVELOPMENTAL BASED FUNCTION: PERSONALITY, NEUROSCIENCE, ATTACHMENT AND TRAUMA Proponente: Serena Borroni Università Vita-Salute San Raffaele, Milano Discussant: Andrea Fossati Università LUMSA di Roma			
	Aula VII	Aula VIII	Aula XI	Aula XII
	PATHOLOGICAL DEPENDENCIES: ASSESSMENT AND TREATMENT Proponente: Marco Cacioppo Università LUMSA di Roma e Giuseppe Craparo Università Kore di Enna Discussant: Adriano Schimmenti Università Kore di Enna	PERSONALITY ASSESSMENT: UP TO DATE Proponente: Alessandro Zennaro Università di Torino Discussant: Mario Fulcheri Università di Chieti G. d'Annunzio	WHEN RESEARCH MEETS PRACTICE: FROM HUMAN BRAIN CONNECTIONS TOWARD A NEUROSCIENTIFIC APPROACH TO CLINICAL PSYCHOLOGY. CURRENT STATUS AND FUTURE PROSPECTS Proponente: Maria Quattropani Università degli Studi di Messina Discussant: Cristiano Violani Sapienza Università di Roma	CLINICAL PSYCHOLOGY AND OBESITY: NEW CHALLENGES AND PERSPECTIVES Proponente: Gianluca Castelnuovo Università Cattolica del Sacro Cuore di Milano Discussant: Gianluca Lo Coco Università degli Studi di Palermo

Prospetto sintetico del Programma: sabato 17 settembre

Sabato 17 settembre

9.00-10.30	SIMPOSI PARALLELI DELLA DELLA PRIMA PARTE DELLA MATTINA				
	Aula Magna	Aula I	Aula II	Aula III	Aula VI
	THE COUPLE AND THE BODY: THE COUPLE RELATIONSHIP AS A PSYCHOBIOLOGICAL REGULATOR Proponente: Luigi Solano <i>Sapienza Università di Roma</i> Discussant: Giulio Cesare Zavattini <i>Sapienza Università di Roma</i>	PRECURSORS AND EARLY INFLUENCE FACTORS ON CHILD PSYCHOPATOLOGICAL OUTCOME: PARENTS' CONTRIBUTION Proponente: Silvia Salcuni <i>Università degli Studi di Padova</i> Discussant: Alessandra Santona <i>Università degli Studi di Milano - Bicocca</i>	MENTALIZATION, REFLECTIVE FUNCTIONING AND THEORY OF MIND: NEW TRENDS IN EMPIRICAL RESEARCH Proponente: Antonello Colli <i>Università degli Studi di Urbino "Carlo Bo"</i> Discussant: Vittorio Lingiardi <i>Sapienza Università di Roma</i>	THE IMAGINATIVE PROCESSESS OF THE RORSCHACH: CONVERGENCES AND DIFFERENCES Proponente: Salvatore Settineri <i>Università degli Studi di Messina</i> Discussant: Carmela Mento <i>Università degli Studi di Messina</i>	NEW ASSESSMENT MEASURES FOR CHILDREN AND ADOLESCENTS: METHODOLOGICAL ISSUES AND CLINICAL APPLICATIONS Proponente: Cecilia Serena Pace <i>Università di Genova</i> Discussant: Maria Francesca Freda <i>Università degli Studi di Napoli Federico II</i>
	Aula VII	Aula VIII	Aula XI	Aula XII	
TRAUMATIC EVENTS WITHIN THE LIFE CYCLE: SHORT- AND MEDIUM TERM CONSEQUENCES ON INDIVIDUALS' PSYCHOLOGICAL WELL-BEING Proponente: Lucia Carli <i>Università degli Studi di Milano-Bicocca</i> Discussant: Giorgio Caviglia <i>Seconda Università degli Studi di Napoli</i>	EFFECTS OF PERINATAL DEPRESSION AND ANXIETY ON THE MOTHER-INFANT RELATIONSHIP AND ON THE INFANT'S SOCIO-COMMUNICATIVE SKILLS IN THE FIRST YEAR Proponente: Cristina Riva Crugnola <i>Università degli Studi di Milano-Bicocca</i> Discussant: Alessandra Simonelli <i>Università degli Studi di Padova</i>	FAVOURING THE RECOGNITION OF EMERGING AND MARGINALIZED PSYCHOTHERAPIES AS EMPIRICALLY SUPPORTED TREATMENTS: THE CASE OF THE INTENSIVE TRANSACTIONAL ANALYSIS PSYCHOTHERAPY Proponente: Marco Sambin <i>Università degli Studi di Padova</i> Discussant: Carlo Lai <i>Sapienza Università di Roma</i>	GROUP TREATMENTS. CLINICAL EFFECTIVENESS AND SOCIAL IMPACT Proponente: Francesca Giannone <i>Università degli Studi di Palermo</i> Discussant: Jorge Burmaister <i>International Association for Group Psychotherapy and Group Processes</i>		
10.30-11.00	Coffee-break				
11.00-12.00	SIMPOSI PARALLELI POSTER				
12.00-13.15	SIMPOSI PARALLELI DELLA SECONDA PARTE DELLA MATTINA				
	Aula Magna	Aula I	Aula II	Aula III	Aula VII
	THE PROCESS OF BECOMING PARENTS: TRANSITION FROM COUPLE TO FAMILY Proponente: Stefania Cataudella <i>Università di Cagliari</i> Discussant: Fiorella Monti <i>Università di Bologna</i>	PARENTAL BRAIN: GENETIC AND NEUROPHYSIOLOGICAL FACTORS AND QUALITY OF ADULT-CHILD INTERACTIONS Proponente: Alessandra Simonelli <i>Università degli Studi di Padova</i> Discussant: Loredana Lucarelli <i>Università degli Studi di Cagliari</i>	EXPLORING PSYCHOPATHOLOGICAL SYMPTOMS THROUGH EMOTION DYSREGULATION: WHICH DIRECTION? Proponente: Patrizia Velotti <i>Università di Genova</i> Discussant: Benedetto Farina <i>Università Europea di Roma</i>	CLINICAL PSYCHOLOGY FOR MEDICAL SETTINGS Proponente: Lorys Castelli <i>Università di Torino</i> Discussant: Alessandro Zennaro <i>Università di Torino</i>	MARITAL, PARENTAL AND COPARENTAL RELATIONSHIPS: ASSESSMENT AND INTERVENTION Proponente: Silvia Mazzoni <i>Sapienza Università di Roma</i> Discussant: Giulio Cesare Zavattini <i>Sapienza Università di Roma</i>

Prospetto sintetico del Programma: sabato 17 settembre

13.15-14.15	Pausa pranzo				
14.15-15.45	SIMPOSI PARALLELI DEL POMERIGGIO				
	Aula Magna	Aula I	Aula II	Aula III	Aula VI
	UPGRADING THE RORSCHACH: RESEARCH AND ADVANCES Proponente: Luciano Giromini <i>Università di Torino</i> Discussant: Adriana Lis <i>Università degli Studi di Padova</i>	DISSOCIATION AS A CLINICAL AND EMPIRICAL CONSTRUCT Proponente: Adriano Schimmenti <i>Università Kore di Enna</i> Discussant: Vincenzo Caretti <i>Università LUMSA di Roma</i>	ATTITUDES TOWARD SAME-SEX PARENTING: MOVING BEYOND HOMOPHOBIA Proponente: Roberto Baiocco <i>Sapienza Università di Roma</i> Discussant: Vittorio Lingiardi <i>Sapienza Università di Roma</i>	THE REACTION OF PARENTS TO A CHILD ILLNESS: FROM THE COMMUNICATION OF THE DIAGNOSIS TO THE INTERVENTION Proponente: Giulio Cesare Zavattini <i>Sapienza Università di Roma</i> Discussant: Claudia Mazzeschi <i>Università degli Studi di Perugia</i>	CON-TEXTO 2.0. TO BE LINKED IN ADOLESCENCE: PROVOCATIONS, RISKS AND NEW OPPORTUNITIES Proponente: Valentina Boursier <i>Università degli Studi di Napoli Federico II</i> Discussant: Antonella Granieri <i>Università degli Studi di Torino</i>
	Aula VII	Aula VIII	Aula XI	Aula XII	
	PSYCHOTHERAPY AND NEUROBIOLOGY Proponente: Luca Ostacoli <i>Università degli Studi di Torino</i> Discussant: Mario Fulcheri <i>Università di Chieti G. d'Annunzio</i>	GENDER VARIANCE BETWEEN RISK AND PROTECTIVE FACTORS: STIGMA, RESILIENCE AND MENTAL HEALTH Proponente: Paolo Valerio <i>Università degli Studi di Napoli Federico II</i> Discussant: Antonio Prunas <i>Università degli Studi di Milano - Bicocca</i>	WHEN THE BODY FEELS THE PINCH. SOMATIZATIONS OF TRAUMA Proponente: Donatella Cavanna <i>Università di Genova</i> Discussant: Luigi Solano <i>Sapienza Università di Roma</i>	PARENTAL ALIENATION: EMPIRICAL RESEARCH, DIAGNOSIS AND PSYCHOLOGICAL TREATMENT Proponente: Maria Cristina Verrocchio <i>Università di Chieti G. d'Annunzio</i> Discussant: Marisa Malagoli Togliatti <i>Sapienza Università di Roma</i>	
15.45-16.45	Aula Magna. Lectio Magistralis: Omer Van den Bergh, University of Leuven, Belgium. Chairman: Prof. Cristiano Violani				
16.45-17.15	Coffee-break				
17.15-18.45	Aula Magna. Assemblea AIP				

Prospetto sintetico del Programma: domenica 18 settembre

Domenica 18 settembre						
9.15-10.45	SIMPOSI PARALLELI					
	Aula Magna	Aula I	Aula II	Aula III	Aula VII	Aula VIII
	ARE PATHOLOGICAL NARCISSISM AND PSYCHOPATHY DIFFERENT POINTS ON THE SAME CONTINUUM? Proponente: Andrea Fossati <i>Università LUMSA di Roma</i> Discussant: Vincenzo Caretti <i>Università LUMSA di Roma</i>	TRAUMA, ATTACHMENT AND REFLECTIVE FUNCTIONING Proponente: Roberto Vitelli <i>Università degli Studi di Napoli Federico II</i> Discussant: Antonello Colli <i>Università degli Studi di Urbino</i>	ASSESSMENT AND PSYCHOLOGICAL INTERVENTIONS DIRECTED AT PROMOTING SOCIAL INCLUSION AND REDUCING RECIDIVISM AMONG OFFENDERS Proponente: Emanuela Saita <i>Università Cattolica del Sacro Cuore di Milano</i> Discussant: Giorgio De Isabella <i>AO "Ospedale San Carlo Borromeo", Milano</i>	PROCESSES OF INTERSUBJECTIVITY AND MENTALIZATION IN OBESITY Proponente: Claudia Chiarolanza <i>Sapienza Università di Roma</i> Discussant: Caterina Lombardo <i>Sapienza Università di Roma</i>	PATHWAYS OF GENDER AND SEXUALITY IDENTITIES Proponente: Chiara Simonelli <i>Sapienza Università di Roma</i> Discussant: Roberta Rossi <i>Istituto di Sessuologia Clinica, Roma</i>	THE ROLE OF EMOTION DYS/REGULATION IN THE DIAGNOSIS AND TREATMENT OF EATING DISORDERS AND OBESITY Proponente: Claudia Mazzeschi <i>Università degli Studi di Perugia</i> Discussant: Franco Del Corno <i>Università della Valle D'Aosta</i>
10.45-11.45	SIMPOSI PARELLI POSTER					
11.45-12.00	Coffee-break					
12.00-13.30	Tavole rotonde parallele	Aula Magna: Counselling				
		Aula III: ENPAP				
13.30-14.00	Premiazione Miglior Poster e chiusura dei lavori					

PROGRAMMA DETTAGLIATO

Venerdì 16 settembre				
9.00-10.30	Registrazione dei partecipanti			
10.30-13.00 Aule (da definire)	Ordine degli Psicologi e ENPAP			
11.30-13.00 Aula (da definire)	Tavola rotonda del Collegio Settore M-PSI/07. Discussant: Sergio Salvatore			
11.30-13.00 Aula (da definire)	Tavola rotonda del Collegio Settore M-PSI/08. Discussant: Mario Fulcheri			
13.00-13.45 Aula (da definire)	Riunione congiunta dei Direttivi dei Collegi Settori M-PSI/07 e M-PSI/08			
13.45-15.00	Pausa pranzo			
15.00-16.00 Aula III	Apertura del Congresso e Saluti Autorità			
16.00-17.00 Aula Magna	Lectio Magistralis: David Oppenheim, PhD, Full Professor University of Haifa, Israel, " <i>Parental Insightfulness: Its role in healthy emotional development and implications for clinical work</i> ". Chairman: Prof. Giulio Cesare Zavattini			
17.00-17.30	Coffee-break			
17.30-19.00	SIMPOSI PARALLELI DEL POMERIGGIO			
Aula Magna 17.30-19.00	POST-NATAL ANXIETY/DEPRESSION IN FIRST-TIME MOTHERS AND FATHERS OF FULL-TERM, PRETERM AND TWINS INFANTS: A LONGITUDINAL STUDY ON NEUROBIOLOGICAL PARENTAL RESPONSIVENESS, COUPLE EMOTIONAL WELL-BEING, PARENTING STRESS AND OUTCOMES FOR INFANT TEMPERAMENT	Proponente: Loredana Lucarelli Università degli Studi di Cagliari Discussant: Donatella Cavanna Università di Genova	Molgora S., Fenaroli V.	Couples transitioning to parenthood: Trajectories of emotional wellbeing and perinatal disease
			Tambelli R., Trentini C., Marconi P.L., Trovato A.	Do mothers and fathers respond differently to infant emotions? A hdEEG investigation
			Brustia P., Prino L.E., Gerino E., Ambrosoli A., Rollè L.	Parenting stress, anxiety, depression and temperament values in fathers and mother of twins at 3 and 12 months
			Monti F., Agostini F., Vismara L., Sechi C.	Post-natal anxiety/depression in first-time mothers and fathers of full-term, preterm and twins infants: A longitudinal study on neurobiological parental responsiveness, couple emotional well-being, parenting stress and outcomes for infant temperament
Aula I 17.30-19.00	THE PROCESS OF CHANGE IN PSYCHOTHERAPY: INNOVATIVE STRATEGIES FOR ANALYZING THE THERAPEUTIC RELATIONSHIP	Proponente: Gianluca Lo Coco Università degli Studi di Palermo Discussant: Nino Dazzi Sapienza Università di Roma	Gazzillo F., Waldron S., Genova F., Ristucci C., Angeloni F., Mellone V., Faccini F.	The dimensions of the analytic process: An empirical investigation
			Muzi L., Lingiardi V.	"Forty-two lives as therapists": The influence of therapists' attachment and personality on therapeutic relationship
			Tasca G., Compare A., Brugnera A., Zarbo C., Lo Coco G.	Emotionally-focused group therapy for binge eating disorder (BED): The complex interrelationship between therapeutic alliance and BED outcomes
			Lo Coco G., Gullo S., Oieni V., Di Fratello C., Kivlighan D.	How does congruence/incongruence in group members' positive bonding with the therapist and the group-as-a-whole can affect their treatment outcome?

Aula II 17.30-19.00	PSYCHOLOGICAL INTERVENTIONS FOR PEOPLE WITH CHRONIC DISEASES: NEW PERSPECTIVES	Proponente: Enrico Molinari <i>Università Cattolica del Sacro Cuore di Milano</i> Discussant: Gianluca Castelnuovo <i>Università Cattolica del Sacro Cuore di Milano</i>	Pagnini F.	A telemedicine mindfulness-based intervention for people with multiple sclerosis and their caregivers
			Palmieri A., Kleinbub J.R., Marcato S., Cipolletta S.	Psychological health of ALS patients: A comparison between hypnosis and empathy-based treatments' outcome
			Ostacoli L., Bertino G., Carletto S., Pacchiana M.V.	Body and affective mindfulness in high emotional burden medical diseases
Aula III 17.30-19.00	ATTITUDES TOWARD HOMOSEXUALITY: TOWARD A COMPREHENSIVE UNDERSTANDING	Proponente: Vittorio Lingiardi <i>Sapienza Università di Roma</i> Discussant: Anna Maria Speranza <i>Sapienza Università di Roma</i>	Nardelli N., Nappa M.R., Ioverno S., Baiocco R.	Homophobic name-calling among secondary school students: Understanding it to prevent it
			Falgares G., Lino A., Carrara G., De Santis S., Kopala-Sibley D.	The conjunct role of social, personality and clinical factors in predicting homonegativity
			Rollè L., Caldarera A.M., Gerino E.	Attitudes towards homosexuality, same sex marriage and adoption
Aula VI 17.30-19.00	MENTALIZATION AS CLINICAL CONSTRUCT AND A DEVELOPMENTAL BASED FUNCTION: PERSONALITY, NEUROSCIENCE, ATTACHMENT AND TRAUMA	Proponente: Serena Borroni <i>Università Vita-Salute San Raffaele, Milano</i> Discussant: Andrea Fossati <i>Università LUMSA di Roma</i>	Somma A.	Executive functioning and social cognition correlates of DSM-5 maladaptive personality traits: Initial evidence from an Italian sample of consecutively admitted adult outpatients
			Williams R., Terrinoni A., Ferrara M.	State of mind with respect to attachment and the assessment of personality pathology in adolescence with PID
			Scalabrini A., Ebisch S., Mucci C.	Touching the "other": an fMRI study on interpersonal (inter)action and maladaptive personality features
			Borroni S.	Traumatic experiences and mentalization ability: A study on Italian clinical sample
Aula VII 17.30-19.00	PATHOLOGICAL DEPENDENCIES: ASSESSMENT AND TREATMENT	Proponente: Marco Cacioppo <i>Università LUMSA di Roma</i> Giuseppe Craparo <i>Università Kore di Enna</i> Discussant: Adriano Schimmenti <i>Università Kore di Enna</i>	Cacioppo M., Gori A., Caretti V.	Development and validation of Cyber Pornography Addiction Test (CYPAT)
			Craparo G., Fasciano S., Costanzo G., Alessio G.	Impaired emotion recognition in heroin addicts
			Infurna M.R., Lo Cascio M., Mancuso L., Guarnaccia C.	History of childhood maltreatment in substances addicted patients: The specific influence of parents
			Casale S., Rugai L., Fioravanti G.	Satisfying needs through social networking sites: A pathway towards addiction for narcissists?
Aula VIII 17.30-19.00	PERSONALITY ASSESSMENT: UP TO DATE	Proponente: Alessandro Zennaro <i>Università di Torino</i> Discussant: Mario Fulcheri <i>Università di Chieti G. d'Annunzio</i>	De Santis S., Falgares G., Carrozzino D., Marchetti D., Verrocchio M.C., Fulcheri M., Oasi O.	Psychometric properties and clinical applicability of the DEQ-A in the assessment of adolescent personality
			Pignolo C., Zennaro A.	Emotion dysregulation in the Personality Assessment Inventory (PAI)
			Cristofanelli S.	Personality assessment: Emotional dysregulation in adolescence
			Fossati A.	A five-year perspective on community and clinical studies on the Personality Inventory for DSM-5 in Italy

Aula XI 17.30-19.00	WHEN RESEARCH MEETS PRACTICE: FROM HUMAN BRAIN CONNECTIONS TOWARD A NEUROSCIENTIFIC APPROACH TO CLINICAL PSYCHOLOGY. CURRENT STATUS AND FUTURE PROSPECTS	Proponente: Maria Quattropani <i>Università degli Studi di Messina</i> Discussant: Cristiano Violani <i>Sapienza Università di Roma</i>	Quattropani M.C. , Sindorio C., Raffa G., Germanò A.	New insight into functional connectome of language functions: An experience with multimodal approach involve clinical neuropsychological assessment combined with non-invasive brain imaging technique
			Cecchetti L., Ricciardi E, Logi F, Malasoma F, Cozza S, Pietrini P. Tomaiuolo F.	Approaching diagnosis in disorders of consciousness: The contribution of a longitudinal single-case fMRI investigation
			Gentili C., Cristea I.A, Valenza G, Scilingo E.P., David D.	Toward an objective measure of clinical severity: The role of psychobiology and psychophysiology
			Tomaiuolo F., Menicagli D., Di Carlo D.T., Ricciardi E., Cosottini M., Benedetto N., Perrini P.	Morphometric changes of the corpus callosum in idiopathic normal pressure hydrocephalus: Behavioural correlates and clinical impact
Aula XII 17.30-19.00	CLINICAL PSYCHOLOGY AND OBESITY: NEW CHALLENGES AND PERSPECTIVES	Proponente: Gianluca Castelnovo <i>Università Cattolica del Sacro Cuore di Milano</i> Discussant: Gianluca Lo Coco <i>Università degli Studi di Palermo</i>	Manzoni G.M., Varallo G.A, Castelnovo G.	The counterintuitive effects of weight stigma on obese inpatients' hunger and food palatability
			Mento C., Muscatello M.R. A., Bruno A., Currò G., La Malfa G., Zoccali R., Navarra G.	Emotional profiles and psychopathology in severely obese patients: A psychological preoperative evaluation in bariatric surgery
			Lombardo C., Cerolini S., Ballesio A., Gasparrini G.	Effects of acute and chronic partial sleep deprivation on attentional and emotional responses to food stimuli
			Andrei F., Mancini G., Nuccitelli C., Marchesini G., Trombini E.	The association between emotional intelligence and weight loss after a psychoeducational intervention for obese patients

Sabato 17 settembre				
9.00-10.30	SIMPOSI PARALLELI DELLA PRIMA PARTE DELLA MATTINA			
Aula Magna 9.00-10.30	THE COUPLE AND THE BODY: THE COUPLE RELATIONSHIP AS A PSYCHOBIOLOGICAL REGULATOR	Proponente: Luigi Solano <i>Sapienza Università di Roma</i> Discussant: Giulio Cesare Zavattini <i>Sapienza Università di Roma</i>	Di Trani M., Solano L., Barbieri F., Greenman P.	Matters of heart: Relations between the quality of couple relationship and the course of myocardial infarction in the male partner
			Renzi A., Ginobbi F.	The effects of Pennebaker's writing technique on pregnancy rates, alexithymia and psycho-physical health in couples subjected to assisted reproductive treatment
			Cordella B., Greco F., Carlini K., Greco A.	The assisted reproduction law and the public perception of infertility in Italy
			Balottin L., Mannarini S., Gatta M.	The daughter's body: Parents and adolescents with anorexia looking in the mirror. The Lausanne Trilogue Play applied to families of adolescents with anorexia
Aula I 9.00-10.30	PRECURSORS AND EARLY INFLUENCE FACTORS ON CHILD PSYCHOPATHOLOGICAL OUTCOME: PARENTS' CONTRIBUTION	Proponente: Silvia Salcuni <i>Università degli Studi di Padova</i> Discussant: Alessandra Santona <i>Università degli Studi di Milano - Bicocca</i>	Cimino S., Cerniglia L., Rocco A., Porreca A., Simonelli A.	Parents with binge eating disorders: Which are the influences on adult-child feeding interactions and on the child's behavioral/emotional functioning?
			Babore A., Trumello C., Candelori C., Di Matteo T., Freda M.	Parental affective states and outcomes in children: A comparison between adoptive and biological parents
			Di Riso D., Del Giacco L., Muneratti A., Sartor R.	"I am scared of the rain": The contribution of the Adult Attachment Projective Picture System of parents in the comprehension of fears in a 9 year-old girl
			De Palo F., Porreca A., Simonelli A.	Maternal drug addiction: Influences on mother-child relationship and on early child development
Aula II 9.00-10.30	MENTALIZATION, REFLECTIVE FUNCTIONING AND THEORY OF MIND: NEW TRENDS IN EMPIRICAL RESEARCH	Proponente: Antonello Colli <i>Università degli Studi di Urbino "Carlo Bo"</i> Discussant: Vittorio Lingiardi <i>Sapienza Università di Roma</i>	Colli A., Gagliardini G., Boldrini A., Caverzasi E.	Mentalization and personality disorders: An empirical investigation
			Schimmenti A.	Mentalizing affects (and) mentalizing minds: developmental, interpersonal, cognitive, and affective domains of theory of mind in a sample of Italian adults
			Nazzaro M.P., Boldrini T., Muzi L.	Does the reflective functioning mediate the relationship between attachment and personality?
			Boldrini T., Nazzaro M.P.	Reflective functioning moderates the relationship between childhood trauma and psychopathology among adolescent outpatients
Aula III 9.00-10.30	THE IMAGINATIVE PROCESSES OF THE RORSCHACH: CONVERGENCES AND DIFFERENCES	Proponente: Salvatore Settineri <i>Università degli Studi di Messina</i> Discussant: Carmela Mento <i>Università degli Studi di Messina</i>	Sola T.	Projective methods, figurability (representability) and symbolization
			Settineri S.	The representation of the self between imagination and perception
			Lo Castro G., Lanzafame G., Castellano S., Lo Castro T.	The imaginative processes of the Rorschach: Convergences and differences

Aula VI 9.00-10.30	NEW ASSESSMENT MEASURES FOR CHILDREN AND ADOLESCENTS: METHODOLOGICAL ISSUES AND CLINICAL APPLICATIONS	Proponente: Cecilia Serena Pace <i>Università di Genova</i> Discussant: Maria Francesca Freda <i>Università degli Studi di Napoli Federico II</i>	Parolin L., Locati F., De Carli P., Santona A., Sigurtà R.	Obesity in developmental age: An application of the Roberts-2 Test in a sample of adolescents
			Di Riso D., Salcuni S., Delvecchio E., Lis A.	From research to clinical settings: Validation of the APS-Toys-brief version in 5 to 10 years old Italian children
			Pace S., Terrone G., Di Folco S.	The Friends and Family Interview (FFI) to assess adolescents' attachment representations: Psychometric characteristics and clinical considerations
			Cafagna D., Bosetto D., Cherubini R., Bernardini M., Leonelli A., Onnis L.	The suspended time dimension in the representations of patients with eating disorders
Aula VII 9.00-10.30	TRAUMATIC EVENTS WITHIN THE LIFE CYCLE: SHORT- AND MEDIUM TERM CONSEQUENCES ON INDIVIDUALS' PSYCHOLOGICAL WELL-BEING	Proponente: Lucia Carli <i>Università degli Studi di Milano-Bicocca</i> Discussant: Giorgio Caviglia <i>Seconda Università degli Studi di Napoli</i>	Riva Crugnola C., Ferro V., Bottini M., Ierardi E., Temesgen T., Orlandini A.	A psycho-pedagogical and counselling program in with Ethiopian young girls victims of sexual violence: Effectiveness of the intervention
			Bizzi F., Cavanna D., Castellano R.	Attachment models, post-traumatic symptomatology and emotional regulation in early adolescence: A comparative clinical study
			Giovanelli C.L., Bertonati C., Somigli C., Miano P.	Infantile trauma: Representations of self, others and relationships and problematic behaviours in maltreated children
			Devecchi F., Ghezzi V., Nappi R., Tagini A., Carli L.	Is the condition of infertility traumatic? Use of the Los Angeles Symptom Checklist (LASC) in fertile and infertile Italian women
Aula VIII 9.00-10.30	EFFECTS OF PERINATAL DEPRESSION AND ANXIETY ON THE MOTHER-INFANT RELATIONSHIP AND ON THE INFANT'S SOCIO-COMMUNICATIVE SKILLS IN THE FIRST YEAR	Proponente: Cristina Riva Crugnola <i>Università degli Studi di Milano-Bicocca</i> Discussant: Alessandra Simonelli <i>Università degli Studi di Padova</i>	Riva Crugnola C., Ferro V., Ierardi E., Parodi C., Mennella V.	Maternal perinatal depression, anxiety and parenting stress in mother-infant emotion regulation at 3 months
			Tambelli R., Trovato A., Volpi B., Trentini C., D'Onofrio E., Odorisio F.	Frail mothers: Emotional expressions during mother-child interactions
			Fadda R., Lucarelli L.	A pilot study on developmental trajectories of early social communication exploring functional and "at risk" mother-child interactions in extra-dyadic interactions with a new social partner
Aula XI 9.00-10.30	FAVOURING THE RECOGNITION OF EMERGING AND MARGINALIZED PSYCHOTHERAPIES AS EMPIRICALLY SUPPORTED TREATMENTS: THE CASE OF THE INTENSIVE TRANSACTIONAL ANALYSIS PSYCHOTHERAPY	Proponente: Marco Sambin <i>Università degli Studi di Padova</i> Discussant: Carlo Lai <i>Sapienza Università di Roma</i>	Viviani R., Messina I.	Convergence between neurobiological models of psychotherapy and the I.T.A.P. theory
			Scottà F.	Effectiveness of an intensive transactional analysis psychotherapy for cyclothymic disorder: A hermeneutic single case efficacy design
			Benelli E.	Empirically supported emerging and marginalized psychotherapies: Integration of non-concurrent multiple baseline design and hermeneutic single case efficacy design

Aula XII 9.00-10.30	GROUP TREATMENTS. CLINICAL EFFECTIVENESS AND SOCIAL IMPACT	Proponente: Francesca Giannone <i>Università degli Studi di Palermo</i> Discussant: Jorge Burmaister <i>International Association for Group Psychotherapy and Group Processes</i>	Marogna C., Caccamo F.	The words to say: Alexithymia in therapeutic work with groups
			Saita E., Natili F., De Luca L., Anselmi F., Tramontano M.	The operative group as a regulative instrument within the prison context
			Giannone F., Mancuso L., Infurna M.R., Parroco A.M.	Groups' weaving in mental health communities: Practioners, patients and families in residential care. The Visiting Project
			Gasseau M.	Peace building and conflict transformation through groups in Ukraine, Egypt and Palestine
10.30-11.00	Coffee-break			
11.00-12.00	SIMPOSI PARALLELI POSTER (consultare l'appendice)			
12.00-13.15	SIMPOSI PARALLELI DELLA SECONDA PARTE DELLA MATTINA			
Aula Magna 12.00-13.15	THE PROCESS OF BECOMING PARENTS: TRANSITION FROM COUPLE TO FAMILY	Proponente: Stefania Cataudella <i>Università di Cagliari</i> Discussant: Fiorella Monti <i>Università di Bologna</i>	Petrocchi C., Velotti P.	Emotion dysregulation and mindfulness role in coping strategies of infertile men and women
			Neri E., Polizzi C., Perricone G., Biasini A.	The quality of early interactions in preterm infants' mothers and fathers: The influence of birth weight
			Cataudella S., Lampis J., Busonera A.	Mothers and fathers waiting for a child: Similarities and differences in the development of paternal and maternal prenatal attachment
Aula I 12.00-13.15	PARENTAL BRAIN: GENETIC AND NEUROPHYSIOLOGICAL FACTORS AND QUALITY OF ADULT-CHILD INTERACTIONS	Proponente: Alessandra Simonelli <i>Università degli Studi di Padova</i> Discussant: Loredana Lucarelli <i>Università degli Studi di Cagliari</i>	Venuti P., Cataldo I., Truzzi A., Esposito G.	The interaction between parental relationships and environment moderates physiological responses to infant cry in adulthood
			De Carli P., Parolin L.	The role of the right inferior frontal gyrus (rIFG) in the intergenerational transmission of parenting
			Simonelli A.	Neural empathic response in drug-addicted mothers
			Altavilla D., Luciani M., Iannoni M.E., Aceto P., Lai C.	Attachment in young-adult females and organization of caregivng system: A neurobiological study
Aula II 12.00-13.15	EXPLORING PSYCHOPATHOLOGYCA L SYMPTOMS THROUGH EMOTION DYSREGULATION: WHICH DIRECTION?	Proponente: Patrizia Velotti <i>Università di Genova</i> Discussant: Benedetto Farina <i>Università Europea di Roma</i>	Velotti P.	Psychopathic traits and positive and negative emotion dysregulation
			Garofalo C.	Examining emotion dysregulation facets to undestand aggression in violent offenders
			Pace C.S., Ottavi P., Giampaolo S., Popolo R., Montano A., Perrini F., Buonocore L., Garofalo C., D'Aguanno M., Dimaggio G.	Emotional dysregulation, symptoms and interpersonal problems independently predict personality disorders in an outpatient sample. Psychopathology and treatment implications

Aula III 12.00-13.15	CLINICAL PSYCHOLOGY FOR MEDICAL SETTINGS	Proponente: Lorys Castelli <i>Università di Torino</i> Discussant: Alessandro Zennaro <i>Università di Torino</i>	Pietrabissa G., Manzoni G.M., Castelnuovo G.	Minding the heart: The role of psychosocial risk factors and cognitive functioning on obese heart patients' quality of life and well-being
			Porcelli P.	Treatment with interferon in chronic hepatitis c (CHC) patients: Somatic side effects or somatization symptoms? The role of alexithymia
			De Campora G., Giromini L., Guerriero V., Gnazzo A.	Body mass index and emotion regulation skills as risk factors for obesity across generations
			Tesio V., Torta R., Castelli L.	Alexithymia, depression and quality of life in patients with chronic pain: A study on 205 patients with fibromyalgia syndrome
Aula VII 12.00-13.15	MARITAL, PARENTAL AND COPARENTAL RELATIONSHIPS: ASSESSMENT AND INTERVENTION	Proponente: Silvia Mazzoni <i>Sapienza Università di Roma</i> Discussant: Giulio Cesare Zavattini <i>Sapienza Università di Roma</i>	Porcedda L., Mazzoni S., Ciocca S., Rodomonti M.	Couple therapy with conflictual and distressed couples. Therapeutic alliance, ruptures and repairs
			Chirico I., Salvatori P., Trombini E.	The Focal-Play Therapy with children and parents: A preliminary study
			Laghi F., Criscuolo M., Castiglioni M.C., Mazzoni S., Zanna V.	Anorexia nervosa in adolescence and family functioning: An evaluation-intervention model in the istitutional context
13.15-14.15	Pausa pranzo			
14.15-15.45	SIMPOSI PARALLELI DEL POMERIGGIO			
Aula Magna 14.15-15.45	UPGRADING THE RORSCHACH: RESEARCH AND ADVANCES	Proponente: Luciano Giromini <i>Università di Torino</i> Discussant: Adriana Lis <i>Università degli Studi di Padova</i>	Porcelli P.	The Rorschach Test at the crossroad between qualitative and quantitative research. The example of human movement responses
			Giromini L., Cauda F., Viglione J.D, Zennaro A.	The Rorschach Brain: An fMRI study investigating the neurophysiological correlates of the Rorschach
			Delvecchio E., Mazzeschi C., Salcuni S.	Personality and psychological functioning of individuals with substance use disorder: A qualitative investigation using R-PAS
			Ando' A., Soghoyan G., Yang Q., Pineda J.	Effects of Transcranial Magnetic Stimulation (TMS) on movement responses to the Rorschach Test and electrophysiological correlates
Aula I 14.15-15.45	DISSOCIATION AS A CLINICAL AND EMPIRICAL CONSTRUCT	Proponente: Adriano Schimmenti <i>Università Kore di Enna</i> Discussant: Vincenzo Caretti <i>Università LUMSA di Roma</i>	Farina B.	Dissociation as disintegration of high order mental functions. Clinical and neuroscientific evidence for one of the main pathogenic processes of early relational trauma
			Palmieri A., Kleinbub J.R., Pick E., Benelli E.	Dissociation and interpersonal autonomic physiology in psychotherapy research: An integrative view encompassing psychodynamic and neuroscience theoretical frameworks
			Schimmenti A.	Does the past shape the present, or does dissociation shape the past? A comparison between the trauma model and the fantasy model of dissociation, and five reasons to endorse the trauma model

Aula II 14.15-15.45	ATTITUDES TOWARD SAME-SEX PARENTING: MOVING BEYOND HOMOPHOBIA	Proponente: Roberto Baiocco <i>Sapienza Università di Roma</i> Discussant: Vittorio Lingiardi <i>Sapienza Università di Roma</i>	Carone N., Ioverno S., Baiocco B.	Gay father families via surrogacy: Does experienced social stigma impact on children's well-being?
			Rossi R., Tripodi F., Viozzi E., Simonelli C,	Attitudes toward Ig marriage and parenting: The need of specific training on sexology for clinicians
			Taurino A., Pacilli M.G.	The relation between attitudes toward same-sex parenting and the traditional beliefs regarding gender roles within the family: A correlational study
Aula III 14.15-15.45	THE REACTION OF PARENTS TO A CHILD ILLNESS: FROM THE COMMUNICATION OF THE DIAGNOSIS TO THE INTERVENTION	Proponente: Giulio Cesare Zavattini <i>Sapienza Università di Roma</i> Discussant: Claudia Mazzeschi <i>Università degli Studi di Perugia</i>	Freda M.F., Savarese L., De Falco R., Traverso C., Zito E., Zabotto M.	Resolution of the diagnosis, parents-children dialogues and management strategies of the disease
			Guerriero V., Di Folco S., Lucchese F., Brinciotti M., Zavattini G.C.	Parental reaction to the diagnosis of childhood epilepsy
			Pazzagli C., Cavallina C., Radi	The Circle of Security intervention: A model of prevention and intervention with parents of children with severe problems
			Lamiani G., Borghi L., Vegni E.	The role of clinical psychology in supporting parents and their children in hospital settings
Aula VI 14.15-15.45	CON-TEXTO 2.0. TO BE LINKED IN ADOLESCENCE: PROVOCATIONS, RISKS AND NEW OPPORTUNITIES	Proponente: Valentina Boursier <i>Università degli Studi di Napoli Federico II</i> Discussant: Antonella Granieri <i>Università degli Studi di Torino</i>	Venuleo C., Mossi P., Rollo S., Marinaci T.	Cultures and evaluation of health and social risks related to hazardous behaviours
			Boursier V., Manna V., Coppola F., Gioia F.	Exchanged sexualities and shared bodies. Selfie presentation and teen-sexting among adolescents
			Margherita G., Gargiulo A.	Drifts of the adolescent psychopathology in virtual environments: Disembodied bodies, symptomatic identities, narratives of groups
			Taddei S., Alemanno S., Maccherini M., Contena B.	Contents, communication and social support in an online service of peer counseling
Aula VII 14.15-15.45	PSYCHOTHERAPY AND NEUROBIOLOGY	Proponente: Luca Ostacoli <i>Università degli Studi di Torino</i> Discussant: Mario Fulcheri <i>Università di Chieti G. d'Annunzio</i>	Ostacoli L., Bertino G., Carletto S., Pacchiana M.V.	Body and affective mindfulness in high emotional burden medical diseases
			Di Lorenzo G., Monaco L., Daverio A., Niolu C., Siracusano A.	The neurobiological bases of efficacy of EMDR therapy in trauma-related disorders

			Gentili C., Valenza G., Scilingo E.P.	Psychophysiology and neurobiology of mental disorders: Possible implications for clinical psychology
Aula VIII 14.15-15.45	GENDER VARIANCE BETWEEN RISK AND PROTECTIVE FACTORS: STIGMA, RESILIENCE AND MENTAL HEALTH	Proponente: Paolo Valerio <i>Università degli Studi di Napoli Federico II</i> Discussant: Antonio Prunas <i>Università degli Studi di Milano - Bicocca</i>	Scandurra C., Picariello S., Amodeo A.L.	Minority stress in a sample of Italian gender variant people: Effects of stigma and resilience on mental health
			Prunas A., Sacchi S.	The effects of transphobic prejudice in clinical practice
			Caldarera A.M., Brustia P.	Association between gender variance and psychological well-being in children: The role of peer relations in predicting levels of internalizing symptoms

Aula XI 14.15-15.45	WHEN THE BODY FEELS THE PINCH. SOMATIZATIONS OF TRAUMA	Proponente: Donatella Cavanna Università di Genova Discussant: Luigi Solano Sapienza Università di Roma	Baldoni F.	Psychological trauma and somatization processes: A complex relationship
			Craparo G., Fasciano S., Costanzo G.	The role of the somatoform dissociation in traumatic disorders
			Mucci C.	Between nature and culture: Attachment neurobiology of early relational trauma, psychopathology, somatic illness and factors of reparation for individuals and society
			Bizzi F., Cavanna D., Sciarretta L.	Children with somatic symptom disorders: when adaptive strategy “jammed”
Aula XII 14.15-15.45	PARENTAL ALIENATION: EMPIRICAL RESEARCH, DIAGNOSIS AND PSYCHOLOGICAL TREATMENT	Proponente: Maria Cristina Verrocchio Università di Chieti G. d'Annunzio Discussant: Marisa Malagoli Togliatti Sapienza Università di Roma	Galante L.C., Lubrano Lavadera A., Criscuolo M.	Individual and relational functioning in parental reject: A two-sample study
			Gennari M., Tamanza G.	Diagnosis of pas (parental alienation syndrome) in child custody evaluations: Suggestions from some clinical cases
			Verrocchio M.C., Marchetti D.	Psychological treatments with alienated children and families
			Whitcombe S.	Powerless: A Q methodology exploration of the lived experience of alienated parents
15.45-16.45	Lectio Magistralis: Omer Van den Bergh, University of Leuven, Belgium, "Psychopathology and Breathing: A story of interoception, learning and fear". Chairman: Prof. Cristiano Violani			
Aula Magna				
16.45-17.15	Coffee-break			
17.15-18.45	Assemblea AIP			
Aula Magna				

Domenica 18 settembre				
9.15-10.45	SIMPOSI PARALLELI			
Aula Magna 9.15-10.45	ARE PATHOLOGICAL NARCISSISM AND PSYCHOPATHY DIFFERENT POINTS ON THE SAME CONTINUUM?	Proponente: Andrea Fossati <i>Università LUMSA di Roma</i> Discussant: Vincenzo Caretti <i>Università LUMSA di Roma</i>	Somma A.	Differentiating narcissism and psychopathy using emotion recognition and activation tasks
			Borroni S.	Are pathological narcissism and psychopathy different constructs or different names for the same thing? The role of the moral disengagement
			Del Corno F.	The personality Inventory for DSM-5 (PID-5) and the "covert narcissism"
			Ferracuti S.	Homicide and suicide in narcissistic personality disorder
Aula I 9.15-10.45	TRAUMA, ATTACHMENT AND REFLECTIVE FUNCTIONING	Proponente: Roberto Vitelli <i>Università degli Studi di Napoli Federico II</i> Discussant: Antonello Colli <i>Università degli Studi di Urbino "Carlo Bo"</i>	Williams R., Fantini F., Frattini C.	Predictivity of attachment models and personality pathology in adolescence: Matching categorical and dimensional evaluation of the aica
			Giovanardi G., Maggiora Vergano C., Fortunato A., Vitelli R., Speranza A.M.	Attachment patterns and complex trauma in a sample of transsexual adults
			Boldrini T., Nazzaro M. P.	Reflective functioning moderates the relationship between childhood trauma and psychopathology among adolescent outpatients
			Gagliardini G.	Mentalization, attachment style and trauma
Aula II 9.15-10.45	ASSESSMENT AND PSYCHOLOGICAL INTERVENTIONS DIRECTED AT PROMOTING SOCIAL INCLUSION AND REDUCING RECIDIVISM AMONG OFFENDERS	Proponente: Emanuela Saita <i>Università Cattolica del Sacro Cuore di Milano</i> Discussant: Giorgio De Isabella <i>AO "Ospedale San Carlo Borromeo", Milano</i>	Saita E., Accordini M., Fenaroli V.	Is every end a new beginning? Group sessions and force field analysis as instruments to analyze offenders' attitudes towards release
			Molgora S., Pisani F., De Luca L., Talluto V.	Prisons and fatherhood: Description and process analysis of a correctional group activity using photography
			De Vita E., Guarnaccia C., Lo Cascio M., Ferraro A.M., Giannone F.	Young offenders and risk of recidivism: An explorative study on users in the juvenile penal institute (IPM) of Palermo
			Trusi E., Piperno R., Valsecchi M., Ghezzi R., Mazza U., Rezzonico G.	The role of the experiential group in the release from correctional facilities
Aula III 9.15-10.45	PROCESSES OF INTERSUBJECTIVITY AND MENTALIZATION IN OBESITY	Proponente: Claudia Chiarolanza <i>Sapienza Università di Roma</i> Discussant: Caterina Lombardo <i>Sapienza Università di Roma</i>	Baldoni F., Giannotti M., Minghetti M.	Mentalization and external regulation of emotions in eating disorders
			Chiarolanza C., Carteni A., Astarita R., Paone E.	Processes of intersubjectivity in mixed weight couples
			De Campora G., Russo D., Khademi M., Perry W., Zavattini G.C.	The relationship between psychosocial factors and weight loss maintenance

Aula VII 9.15-10.45	PATHWAYS OF GENDER AND SEXUALITY IDENTITIES	Proponente: Chiara Simonelli <i>Sapienza Università di Roma</i> Discussant: Roberta Rossi <i>Istituto di Sessuologia Clinica, Roma</i>	Valerio P.	Gender violence: Origins of a prejudice
			Prunas A.	An exploration of transgender identity through the Implicit Association Test (I.A.T.)
			Nimbi F.M., Tripodi F., Rossi R., Simonelli C.	First steps towards a complex model of male's sexual desire
			Troisi G.	The terror of women victim of violence
Aula VIII 9.15-10.45	THE ROLE OF EMOTION DYS/REGULATION IN THE DIAGNOSIS AND TREATMENT OF EATING DISORDERS AND OBESITY	Proponente: Claudia Mazzeschi <i>Università degli Studi di Perugia</i> Discussant: Franco Del Corno <i>Università della Valle D'Aosta</i>	Lo Coco G., Salerno L., Di Fratello C., Oieni V., Gullo S., Brugnera A.	The interpersonal model of binge-eating: A comparison between two different clinical groups
			Mazzeschi C., Radi G., Pazzagli C., Buratta L.	Parents attachment, parental alliance, family functioning and reflective function in childhood obesity
			Gentile D., Colli A., Tanzilli A., Speranza A.M., Lingiardi V.	Therapeutic interventions in the treatment of eating disorders: A naturalistic study
			Brusadelli E., Tomasich A. Romanazzi A., Lang M.	Obesity, binge eating disorder and psychological functioning
10.45-11.45	SIMPOSI PARELLI POSTER (consultare l'appendice)			
11.45-12.00	Coffee-break			
12.00-13.30	Aula Magna	Tavole rotonde parallele	Counselling	
	Aula III		ENPAP	
13.30-14.00	Premiazione Miglior Poster e chiusura dei lavori			

APPENDICE: SIMPOSI PARALLELI POSTER

11.00-12.00	SABATO 17 SETTEMBRE		
Aula I SESSIONE 1	Discussant: Franco Baldoni <i>Università di Bologna</i> Luigi Solano <i>Sapienza Università di Roma</i>	Carletto S., Borghi M., Francone D., Scavelli F., Bertino G., Malucchi S., Oliva F., Ostacoli L.	The efficacy of a mindfulness based intervention for depressive symptoms in patients with multiple sclerosis and their caregivers: A randomized controlled clinical trial
		Boncompagni I., Mingarelli A., Germanò G., Casagrande M.	Coping styles in individuals with different severity of hypertension
		Mangeli G.	Evaluation of the impact of a clinical semi-open group on the physical and psychological health of patients with heart attack
		Cafaro V.	Promoting post-traumatic growth in cancer patients: A study protocol for a randomized controlled trial of guided written disclosure
		Di Mattei V.E., Carnelli L., Taranto P., Carrara L., Bernardi M., Sarno L.	Body image perception in women cancer patients: From assessment to intervention with "Salute allo Specchio" Program
		Galli F., Cavicchioli M., Micheletto G., Panizzo V., Vegni E.	Quality of life in bariatric surgery: A ten-year follow-up study
		La Foresta S., Faraone C., Villari S.P., Russo M., Vita G., Lunetta C., Messina S., Epifanio M.S.	Alexithymia, burden and emotional state in ALS' caregivers
		Patron E., Messerotti Benvenuti S., Palomba D.	Depression, but not anxiety, is associated with poor quality of life in patients with congestive heart failure
		Nardiello L., Gallo A., Perrella R.	Compliance to treatment: Anxiety, depression and optimism in a women sample with and without breast cancer diagnosis
		Tremolada M., Bonichini S., Taverna L., Basso G.	Psychological wellbeing, cognitive functioning and quality of life in 205 adolescents and young adult childhood cancer survivors compared with healthy peers
Aula II SESSIONE 2	Discussant: Adriano Schimmenti <i>Università Kore di Enna</i> Fiorenzo Laghi <i>Sapienza Università di Roma</i>	Broggio A., Colussi S.	Hypnosis and dissociation in NDE
		D'Agostino A., Pepi R., Rossi Monti M.	Measuring nonsuicidal self-injurious thoughts and behaviors: An adapted version of the Self-Injurious Thoughts and Behaviors Interview (SITBI) for the Italian clinical context
		Fragomeni PR., Di Folco S.	Difficulties in Emotion Regulation Scale-16 (DERS-16): An exploratory study
		Ales F., Di Girolamo M., Fragomeni P.R.	Developing age and gender adjusted normative reference values for the Difficulties in Emotion Regulation Scale (DERS)
		Novara C., Cavedini P., Dorz S., Pardini S., Sica C.	The Structured Interview for Hoarding Disorder (SIHD): Italian validation on clinical sample
		Pezzuti L., Rossetti S.	The Italian version of WISC-IV: Relationship between parents' education and intellectual profile
		Tani F., Comi G., Ilari A., Ponti L.	Italian validated version of the Short-Form Multidimensional Jealousy Scale (SF-MJS)
		Di Girolamo M.	An attempt to measure empathy features with the Rorschach-Performance Assessment System
		Gazzillo F., Mazza C., Faccini F., De Luca E.	The Interpersonal Guilt Rating Scale 15: The first validation data about a new clinician-report tool for the assessment of interpersonal guilt
		Lamiani G., Barlascini L.	Validation and psychometric properties of the Italian Moral Distress Scale-revised (MDS-r)
		Loscalzo Y.	Studyholism Inventory (SI): A test for a possible new clinical condition
		Salvati M., Manzi D., Pistella J.	Child Rumination Interview validation: A child-friendly tool to assess rumination in kids

SIMPOSI PARELLELI POSTER: sabato 17 settembre

Aula III SESSIONE 3	Discussant: Cristiano Violani <i>Sapienza Università di Roma</i> Caterina Lombardo <i>Sapienza Università di Roma</i>	Candelori C., Marino V., Cofini M., Tavani S., Cellini M.	The experience of medical and nursing staff in a neonatal intensive care unit (NICU)
		Lenzo V., Grisolia E., Indelicato F., Bordino V., Germanà A., Grasso D.	The relationship between metacognitions, coping strategies and burnout in palliative home care workers
		Bianco F., Benelli E., Simonelli A., Santinello M., Michieletto N., Laugelli E., Canale N., Santoro P., Sambin M.	Primary care psychology in Veneto region: Preliminary results
		De Caro M.F., Taurino A., Laera D., Lagatta D., Luzzi L., P.M.	An observational study of the attitude toward professional psychological help in primary care patients
		Salvarani V., Ratti M., Ardenghi S., Strepparava M.G.	The influence of emotion regulation on empathy among nursing professionals. An Italian study
		Ruini C., Cesetti G., Vescovelli F.	Promoting well-being in nursing home older adults: A narrative intervention
		Dicé F., Maiello A., Dolce P.	Identifying the informative functions of emotions in the doctor-patient relationship. An inquiry in pediatric primary care
		Zurlo M.C., Vallone F.	Psychological and interpersonal health conditions in nurses: The spiral effect of violence and conflict
		Zarbo C., Gatti A., Bevacqua S., Compare A.	Smart aging project: Pervasive computing model for depression and anxiety in ageing using an integrated care paradigm within Italian healthcare context
		Lotito C.	Migration and clinical method. A qualitative study with Italian mental health professionals
		Tomai M., Veronica R., Lai C., Pomoni E., Caprai A., Alarcon Sandoval F., Reyes Elias M., Colorado Hernandez S.C., Romero de Burgos F., de Guzmán Y.B.	The contribution of clinical psychology within integrated scientific paradigms: "El Salvador: Mitigar peligros volcánicos" (SaPeVo) - training, monitoring and study to a preliminary assessment of the dangerousness of some volcanic areas of El Salvador. The contribution of psychological support to the population before and after a natural event
Aula VII SESSIONE 4	Discussant: Anna Maria Speranza <i>Sapienza Università di Roma</i> Vincenzo Caretti <i>Università LUMSA di Roma</i>	Raspa V., Germani A., Cenci G., Buratta L.	Evaluation of three parenting styles on a large sample of mothers and fathers of pre-school and elementary school age children using PSDQ
		Cozzi S., Del Villano N., Nardiello L., Perrella R., Caviglia G.	The impact of post partum depression in an Italian sample: Risk and protection factors
		Ballarotto G., Bracaglia F., Cerniglia L., Cimino S., Mercurio V., Tafà M.	Family profiles in eating disorders: Family functioning and psychopathological risk
		La Marca L., Iacolino C., Guglielmucci F., Franzoi I.G., Di Dio N., Gervasi A.M., Granieri A.	Maternal care in childhood and negative self-concept as predictors of theory of mind: A mediational model
		Grussu P., Andreetto I., De Bortoli M., Quatraro R.M.	A pilot study of maternal age, psychological well-being and postnatal depression symptomatology in primiparous women
		Pistella J., Salvati M., Caricato V.	Sexism and attitudes towards same-sex parenthood: The mediation effect of sexual stigma
		Carone N.	Relatedness across overseas borders: Conceiving transnational surrogacy in gay father families
		Sordano A., Consolini L., Di Ciommo R.K., Mandirola S.	The Lausanne Trilogue Play in the evaluation of adoptive parents: A qualitative research
		Salvatori P., Minelli M., Neri E.	Mother-toddler feeding interactions in preterm and full-term dyads: The influence of maternal and infant factors
		Banella F.E., DiCorcia J.A., Snidman N., Tronick E.	Do infants really have an implicit relational knowing?
		Tessitore F., Troisi G., Margherita G.	Mothers across the borders: A phenomenological approach to the experience of East European women in transnational motherhood

SIMPOSI PARELLELI POSTER: sabato 17 settembre

Aula VIII SESSIONE 5	Discussant: Maria Francesca Freda <i>Università degli studi di Napoli Federico II</i> Rita Cerutti <i>Sapienza Università di Roma</i>	Babore A., Lombardi L., Piano S., Scigliuzzo I., Marino V.	Correlates of cyberbullying and cybervictimization among Italian adolescents
		Conti C., Trumello C., Cavicchio L., Februo L.A., Mastrella M., Liberali A.	Use of digital technologies in adolescence: A study in an Italian sample
		Santona A., Tognasso G.	Attitudes towards homosexuality in adolescence
		Amodeo A.L., Scandurra C., Schwartz S.J., Picariello S.	Identity in homosexual and straight adolescents and emerging adults: a pilot study to assess intersectionality
		Cerutti R., Spensieri V., Valastro C.	Painful somatic symptoms and nonsuicidal self-injury behavior (NSSI) in adolescence: A possible link?
		Di Blasi M., Muccioli P., Alagna M., Torres D., Duca I., Tosto C.	Self-image development and psychosocial functioning in adolescence: A preliminary study
		Sirri L., Ricci Garotti M.G., Grandi S., Tossani E.	Correlates of somatization symptoms in adolescents
